REMARKS

Consideration and entry of the present amendment under 37 CFR 1.312 is respectfully requested.

On March 19, 2008, the undersigned authorized an Examiner's amendment to claims 33, 34, 35, 36, 37, 38 and 41. In reviewing the amendment language that was forwarded with the Notice of Allowance, two apparent inadvertent errors were noted in the amendment language.

Specifically, in claim 33 the word "including" following the phrase "plurality of instructions" should have been deleted. Thus, the relevant claim language of claim 33 should read as follows:

said processor being operative to execute a plurality of instructions 1) to receive, for each application, a respective subscription message identifying a respective pattern of user input upon whose occurrence the application is to be notified, ...

Additionally, in claim 35, the word "is" should have been "comprises".

It is respectfully requested that these amendments to the claims be entered pursuant to 37 CFR 1.312. The Examiner is encouraged to telephone the undersigned attorney with regard to any questions concerning the proposed amendment.
